

EXPOMORIL®

EXPOPaprFloor
Recycled paper flooring for temporary use

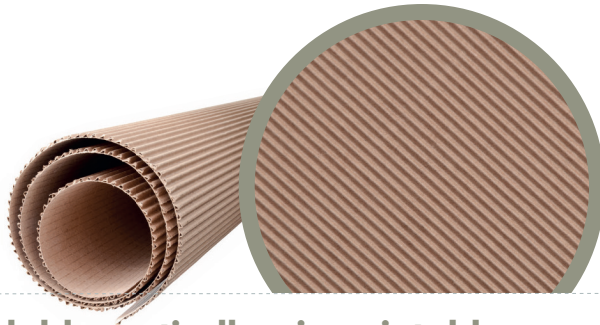

Unser Ziel:

DER NACHHALTIGE BODENBELAG FÜR TEMPORÄRE NUTZUNG

Einzig dafür gemacht, um Messe und Event
nachhaltiger und umweltfreundlicher zu gestalten.

Der Altpapierboden ist zu 100% aus
recycltem Papier und kann wieder zu 100%
recycelt werden.

Umdenken. Wir leisten
unseren Beitrag - jetzt!

materialPREIS2022

recyclable. anti-allergic. printable. award-winning.

Pure and unadulterated - enables emission-free and waste-free spatial experiences

SUSTAINABLE

Slim Fit for the trade fair waste
bin Avoid waste, save CO₂
100% recycled paper

CUSTOMIZABLE

quick, easy and cost-effective to print
floor branding without limits

foot traffic patterns visible
footprints develop structure and character

CERTIFIED

durable and flame-retardant
fire protection certified
1m wide roll

Waste avoidance is a reliable method for improving the environment. EXPO PaprFloor is simply collected in the waste paper bin after use and can be 100% recycled into new paper. The innovative paper flooring closes the raw material cycle and thus contributes to waste avoidance. We offer on-site service, installation and sustainability all under one roof!
