

A woman with blonde hair, wearing a vibrant green sleeveless dress, is captured mid-jump in a lush green field. She is looking upwards with her arms reaching towards several rectangular samples of different floor textures that are floating in the air around her. The background is a bright, hazy sky with soft clouds, suggesting a sunrise or sunset. The overall mood is one of freedom and environmental harmony.

FLOORING
RENTAL ADVANTAGES

SAVES RESOURCES

good for the environment
reusable again and again
and 100% recyclable

EASY AND QUICK

Floor tiles can be laid easily even
by inexperienced people

REDUCE COSTS

Rental reduces costs per event;
storage costs are eliminated.

We see it as our responsibility to contribute to reducing CO2 emissions into the atmosphere. Reuse helps to reduce the carbon footprint and conserve finite resources on Earth.

By renting flooring in combination with our raised floors, we offer you another opportunity to act sustainably.
